I, Robert O. Groover III, am of legal age and competent to testify, and I declare as follows:

1. I am a Registered Patent Attorney with many years of experience. I am extremely familiar with the online information system, known as "PAIR," which is maintained by the United States Patent and Trademark Office ("USPTO").
2. The attached five pages are printouts from the PAIR system, for the five US patent applications whose application numbers are given at the top of each printout. I printed these pages myself from the fee tab in PAIR, and each page provides a complete record of payments received by the USPTO for that case.
3. Also attached are two pages from Kilburn & Strode ("K&S"). That firm is a London-based firm of European Patent Attorneys. Those pages show that a maintenance fee payment was made to keep the specified European patent application from lapsing irrevocably, and that I now owe them \$2236 if I pay in dollars (or slightly less if I pay in pounds sterling).

Respectfully submitted,

Robert O. Groover III
